Innovations Reshaping Energy Sustainability

Join the 6th ISES 2024 for a Net-Zero Carbon Future

Innovations in sustainable energy are driving the global transition towards a net-zero carbon future. The 6th International Sustainable Energy Summit (ISES) 2024, organised by the Sustainable Energy Development Authority (SEDA) Malaysia, in collaboration with the Ministry of Energy Transition and Water Transformation (PETRA), is at the forefront of this transformation.

The Future of Innovation

Global innovators will converge to showcase groundbreaking solutions, fostering discussions on their potential to propel the shift towards a greener, more resilient energy ecosystem. Come and be part of this driving force at the 6th ISES 2024!

Spotlight on the 6th ISES 2024

An electrifying platform where thought leaders and stakeholders converge to ignite innovation, exchange visionary ideas, champion best practices, and forge dynamic partnerships, all aimed at propelling the sustainability agenda to new heights!

Collaboration as a Catalyst for Change

Engage in dynamic Plenary Sessions, Deep Dive Workshops, and networking to explore collaboration avenues for accelerating the energy transition. The Summit underscores the imperative of collective action in tackling pressing global challenges.

Transformative Pathways to a Sustainable Future

The Summit underscores innovative approaches and practical plans aimed at propelling the worldwide shift towards cleaner energy sources. This underscores the pressing need for unified action in constructing a greener, more robust energy landscape.

Join us in staying connected for the latest updates and vibrant engagement with the sustainable energy community! Together, let's ignite innovation, foster collaboration, and fuel transformation to sculpt a radiant, sustainable world for generations ahead.
