

International Sustainable Energy Summit

# ISES

**2024** Accelerating Energy Transition Through Innovation

20 - 21 Aug 2024 Kuala Lumpur Convention Centre, Malaysia

## Energise The Future at the 6<sup>th</sup> ISES 2024

The 6<sup>th</sup> ISES 2024, organised by **SEDA Malaysia** in collaboration with the **Ministry of Energy Transition and Water Transformation**, has established itself as a leading sustainable energy summit. Building on the success of the 5<sup>th</sup> ISES 2022, which drew over **5,500 participants** from **61 countries**, the upcoming summit promises to be even more impactful.

“The 6<sup>th</sup> ISES 2024 aims to emphasise the transformative potential of innovative solutions and unlock new possibilities to develop impactful, future-oriented and sustainable solutions. The immersion programme will be tailored with specialised topics best suited to meet the needs of attendees who strive for the wide-scale implementation of innovative solutions to advance a sustainable energy future.

I look forward to welcoming all of you to the 6<sup>th</sup> ISES 2024.”

**Dato' Hamzah Hussin**  
 Organising Chair, 6<sup>th</sup> ISES 2024  
 Chief Executive Officer, SEDA Malaysia

### Why Attend?

- Embrace innovation and accelerate the global energy transition by shaping potential roadmaps to a net-zero carbon future
- Unlock transformative possibilities for impactful and pragmatic sustainable energy solutions
- Gain insights from energy experts and thought leaders in specially curated Plenary Sessions and Deep Dive Workshops
- Cultivate trade collaborations and partnerships with sustainable energy innovators
- Network with industry experts, leaders and ecosystem stakeholders

**SIGN UP NOW!**

### EXHIBITION

Explore sustainable energy products and services from local and international exhibitors.

### PLENARY SESSIONS

Attend comprehensive platform to address key issues, share knowledge in the sustainable energy sector.

### DEEP DIVE WORKSHOPS

Explore in-depth knowledge, practical insights, and collaborative opportunities within the industry.

### BUSINESS MATCHING SESSIONS

Connecting the right buyers to the right sellers and promote new business opportunities.

### NETWORKING LUNCH

Join a casual and interactive setting for participants to connect, fostering collaboration for future industry development.

### SIDE ACTIVITIES

A plethora of side activities offering diverse opportunities for skill-building, networking, and engagement beyond the main programmes.

Don't miss this opportunity to be part of a global dialogue on sustainable energy and contribute to shaping a greener, more resilient future.

## Register Now To Secure The Early Bird Promotion, Ending On 31<sup>st</sup> May 2024
